SUMMARY

Driven by a passion for technology, I have developed strong software development skills, focusing on problem-solving and performance optimization. With an adaptable and proactive mindset, I excel in dynamic environments, continuously learning and contributing innovative solutions to real-world challenges.

WORK EXPERIENCE

Intern , Union Systems Global

Nov 2024 - Dec 2024

- Modified existing software to correct errors, adapt to newly implemented hardware or upgrade interfaces.
- Utilized programming languages such as React, Python, JavaScript, and TypeScript for various software development projects.
- Analyzed code and corrected errors to optimize output.
- Utilized version control systems, such as Git, to manage codebase changes and collaborate effectively with team members.
- Facilitated database design and management, ensuring data integrity, security, and accessibility.

Intern, Eye360 Security Company Limited

Oct 2024 - Nov 2024

- Performed daily inspections of all security officers to confirm their presence at assigned locations and ensure they remained vigilant.
- Prepared and updated weekly roster and salary payment list of guards.
- Conveyed information from security officers with my bosses and sent feedback to security officers.
- Liaised with Supervisors to plan roster and do random checks on our guards on duty.
- Did online recruitment of security guards.
